

TO SHOW OUR APPRECIATION TO OUR VALUED ECONVEYANCE™ CLIENTS, on February 21, 2008 at The Coast Capri Hotel, in Kelowna, BC we held our first educational seminar on econveyance features followed by a wine and cheese.

Topics covered included:

- User Profiles
- File Sharing
- Using econveyance for sale files
- Reporting
- Projects
- Libraries
- Title Searching
- Document Manager
- Tips & Tricks

Our clients that attended the event let us know that they found the seminar very useful and they even learned some things they didn't already know! By far, the topic that attracted the most attention was the File Sharing. We think the wine and cheese part was a hit as well!

Stay tuned for details of a seminar coming to your area!
